Mythology: Timeless Tales of Gods and Heroes (Pdf.pdf) This is a detailed look at the history and inspiration behind some of the most iconic mythologies in history. Some say that we create myths to help us make sense of our world, but how can we be sure? We may never know for sure, but it's an interesting conversation to have with yourself as you read through this book. It has been my hope to provide a comprehensive view of mythology, its origins and appeal, so that readers might come away with a new perspective on these ancient tales and their enduring power over us all. In the end, though, it's up to you to decide what you make of this book. I hope it finds a place on your bookshelf and enters your heart. —Lara Scott, April 2014
